LOCATION OF INCIDENT

Bridgewater Massachusetts United States

Factual Summary

Hello,

My name is Joe Basile and I've been getting very aggressive toward the US military and I would like them to de-escalate. I have found that they apparently are interested in using their weapons at some point and because I had the potential to know this in 2019 they took action to end my life extrajudicially.

I would like to file a lawsuit accusing the US military of my attempted murder and crimes against humanity.

The date of 1/20/2019 is approximate. I was taken to the ER at Bridgewater hospital for hypothermia and frostbite.

Thank you.

Joe Basile
